MAXIMUM COMFORT

FOR EFFECTIVENESS

- 40 minutes runtime due to various charging options (extra battery, extra charger, docking station).
- Longer stick and flex function allows to reach tight, hard-to-reach places, such as under a table or sofa.
- 4-stages HEPA filtration system enhanced with dual HEPA filters, trap at least 99,9% of particles 0,3 microns in size including pollen, dust, and pet dander.

WIDE RANGE OF ACCESSORIES

FOR MAXIMUM CLEANING EXPERIENCE

Mini motorised brush
For tight spaces and delicate fabric surfaces, such as a bed, sofa, or carpeted stairs. Powerfully cleans carpet, upholstery, mattresses, car interiors and more.

Longdustingbrush
for above the floor surfaces as window shutters, monitors, cupboards.

2-in-1 dusting brush
Use upholstery brush to clean soft furnishings and upholstery. Use bristles to clean dust and hard surfaces.

COMBINATION POWER HEAD

ADAPTS TO THE CLEANING SURFACES

- Auto Mode utilizes **IPC technology**, which uses infrared sensors to automatically detect the amount of dust and debris and then adjusts the suction power to it.
- Strong **LED headlights** for better visibility and cleaning.
- **Quiet cleaning experience** thanks to the wheels.

EFFORTLESS AND EASY

VACUUMING

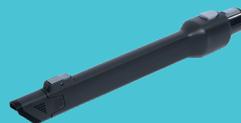

- Removable battery can be charged separately.
- User-friendly display (speed, mode and blockage indicator).
- Simple dust bin emptying and filter change.
- Floor dock for convenient storage and charging.

Flexible extension hose
for cleaning in hard-to-reach places.

Elbow connector
for cleaning at unconventional angles.

Teleskop-Fugendüse
Good for reaching small cracks and crevices in furniture, the corners of a room or a car.

Movable charging dock
For charging and storing the vacuum and its accessories safely.
