CORDLESS VACUUM CLEANER VA2

THE CORDLESS VACUUM CLEANER
WITH TWO RECHARGEABLE BATTERIES
FOR PROFESSIONAL CLEANING

The Richter cordless vacuum cleaner, made in Germany, combines the reliable performance of a traditional canister model with the convenience and mobility of a cordless device. With its two 18V batteries and 300-Watt EC motor, the VA2 delivers outstanding cleaning results. Its ease of use is based on its cordless use and on the multi-floor brush, that ensures excellent results on all types of flooring.

CORDLESS FREEDOM

The 36V Li-ion cordless vacuum cleaner provides maximum freedom and flexibility during cleaning. The extra-large rubberized wheels (Ø 120 mm) and steerable casters (Ø 60 mm) ensure high manoeuvrability and at the same time a high stability.

QUIET AND EFFICIENT OPERATION

The Richter VA2 operates at an exceptionally low noise level of just 60 dB, which drops to 55 dB in ECO mode. This makes it also ideal for cleaning areas, where noise needs to be kept on a low level.

LONG RUNTIME AND FAST CHARGING

The Richter VA2 features connected batteries that provide up to 90 minutes of continuous operation. The dual fast charger fully recharges the batteries in just one hour. The device's performance is adjustable between 150 and 300 Watts, allowing you to easily match the suction power to the type of flooring you would like to clean. The display on the unit constantly shows the current performance level and the remaining runtime in percentage.

2 × 18 V Lithium-ion batteries (7,5 Ah)

1 × quick charger

EXCELLENT 4-STAGE FILTER SYSTEM

The high-quality HEPA14 and HEPA13 filters ensure clean exhaust air. The 4-stage filtration system effectively prevents dust particles from re-entering the indoor air. The extra-large, tear-resistant 9-liter microfiber dust bag allows for particularly high dirt absorption and enables longer operating times without frequent bag changes.

In addition to everyday applications (such as use on standard surfaces in apartments, houses, guesthouses, restaurants, hotels, and service businesses), the device is an ideal choice for allergy sufferers. It is perfectly suited for cleaning in hospitals, nursing homes, kindergartens, and for anyone who places special importance on hygienically pure air.

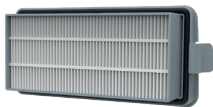

1. HEPA13 fleece filter bag

2. HEPA13 fleece filter basket (washable)

3. Motor protection filter

4. HEPA 14 long time filter cartridge

ACCESSORIES FOR PROFESSIONAL CLEANING

The vacuum cleaner features integrated storage for its accessories, making them readily accessible and conveniently at hand during use, including crevice tools and dust brushes for hard-to-reach areas.

COMBI NOZZLE

Enables the effective cleaning of upholstered furniture, carpets and other textile surfaces. The specially developed head optimises the suction power and ensures thorough removal of dust and dirt.

FLEXIBLE CREVICE NOZZLE AND STANDARD CREVICE NOZZLE

With the 600 mm long, flexible crevice nozzle, you can also clean elevated and confined spaces, such as between and beneath furniture, as well as high-up areas. The standard crevice nozzle is perfect for cleaning radiators or vehicle interiors.

TRANSPORT STRAP

Thanks to the integrated, extendable carrying strap, you can easily carry the lightweight and compact vacuum cleaner over your shoulder especially in confined spaces and stairwells.

CLIMATE PROTECTION

The product has been designed to utilise resources as efficiently as possible and to rely on renewable energies. In addition to avoiding and reducing emissions, offsetting CO₂ emissions is a crucial step in climate protection measures.

TECHNICAL FEATURES

Batteries	2 x 18 V Lithium-Ionen-Akkus (7,5 Ah)
Power	300 W
Sound Pressure Level	60 LpA [dB] - 100% 55 LpA [dB] - 50
Airflow	33 liter/min
Material	Plastic
Dust bag capacity	9 liters
Anti-static hose length	2,5 m
Hose diameter	32 mm
Suction hose diameter	32 mm
Weight	4,3 kg
Dimensions (L x W x H)	38 x 28 x 43 cm

RICHTER GUARANTEE AND SERVICE:

- 2 years warranty
- nationwide service network
- home delivery of accessories
- favourable payment terms
